June 2024

Introduction

I was on annual leave for the first 17 days of June and therefore have not been out in the community as much as I would have liked to. It does seem however that I have brought the sunshine back home with me which certainly makes my job more enjoyable – if not a little warm once carrying all of my kit!

As previously documented, I have a passion for traffic matters and enforcing speed limits within our villages. I am always looking for new areas of concern and would like to be contacted with any new locations to complete these checks.

I have attended two school summer fetes this month as part of Dover Community Safety Unit. We are happy to attend such events and I can be contacted directly to discuss this. Please feel free to email me at 11454@kent.police.uk with any questions.

I am aware of the ongoing issue on the A256 and surrounding area with the nuisance 'drifters'. I encourage those disturbed by this issue to continue to report this at the time either by 101 or the Kent Police Website. I have been contacted regarding the installation of CCTV cameras at certain problem locations. I will discuss this with Dover District Council but at this stage, I cannot comment further on this request.

Can I please encourage everyone to sign up to My Community Voice website. This will enable me to send updates of recent issues as well as letting residents know when I will be attending local events and engagements. This can be completed at - Home Page - My Community Voice Kent
